Dear Monica,

Thank you so much for coming and addressing our meeting last Saturday. We all very much appreciated you giving up your afternoon to help us. It was also nice to meet David and we thank him for coming as well.

Your talk was fascinating and all those who attended gained a great insight into the reasoning behind hypnotherapy and your sensitive approach. Lindy has already written a letter to Exchange describing the 'brilliant event' and adding 'How I wish I had been able to see someone like her when I was pregnant with severe eczema'. So although we were only a small select number I know you had a big impact.

Hindsight is a wonderful thing and talking to my fellow committee member afterwards we concluded that June is not a good time to hold such an event as there is so much going on in the rest of the local community like school, church and village fetes.

We really can't thank you enough for giving your time and sharing your expertise with us. We do hope that you had a safe journey home.

With best wishes

Yours sincerely
